FLYNN ANNOUNCES  
BLAST DUE TO BOMB

Man Left Infernal Machine In Wagon To Which Was Attached One Horse, is Claim

New Jersey Man Also Had Warning to Stay Away From Scene of Outrage

(By Associated Press)

New York, September 17.—Wm. J. Flynn, chief of the bureau of investigation, Department of Justice, declared this afternoon he was positive a bomb had caused the explosion in Wall Street yesterday which took a toll of 36 lives, injured about 200 persons and caused property damage running into the millions.

Chief Flynn made his announcement shortly after Fire Commissioner Drennan had reported to Mayor Hylan his belief a bomb was responsible for the disaster and the police had begun to swing to the bomb theory as opposed to that of a collision between a powder wagon and an automobile.

"There is absolutely no doubt it was a bomb," said Chief Flynn. "An important development in the last two hours has convinced us of this. The bomb was apparently placed by a person who was within four blocks of Wall and Broad streets when the explosion occurred."

Certain at last of the cause of the blast, Federal agents and city police increased their search for the driver of a wagon drawn by one horse which was blown to pieces. No trace of him has been found.

The theory of the investigators is that a time bomb was placed on the wagon and the driver hurried from the scene just after arranging for the explosion to occur at noon.

Edward P. Fischer, a former employee of the French High Commission in New York, who was detained by the police in Hamilton, Ontario, today after he is alleged to have sent two postcards to friends here from Toronto warning them not to be in Wall Street at 3:00 o'clock Wednesday the 15th, will be brought to New York to testify before the September grand jury.

## ON 36TH DAY HUNGER STRIKE

(By Associated Press)

London, September 17.—Lord Mayor MacSwiney of Cork, who today began the thirty-sixth day of his hunger strike, passed a somewhat better night and had a little sleep, says a bulletin issued this morning by the Irish Self Determination League.

A bulletin said the pains he has suffered in his limbs and back continue, but he was not suffering from pain in his head, from which he has frequently complained. He remained conscious.

## DAVIS GIVES KEY-NOTE ADDRESS

Republican Candidate For Governor of Ohio Pledges Full Enforcement Of All Laws.

Favors Home Rule For Ohio Cities So They Could Fix Own Tax Rates by Vote Of Citizenship

Says Credit for Woman Suffrage Victory Belongs To The Women And Not To Political Parties.

Full enforcement of all statutes so that Ohio might be the leader in law enforcement, economy in administration of state affairs, and the advocacy of home rule for cities so that they could better solve their taxation troubles, were among the chief features of the key-note speech of Hon. Harry

Hon. Harry L. Davis.

L. Davis, former mayor of Cleveland, Republican candidate for Governor of Ohio, delivered before a large audience on the court house lawn, Friday afternoon. Mayor Davis was introduced by Senator Frank C. Parrett, and in part said:

"There are many important issues in this campaign, but what must be decided by the people this fall is whether we have had enough of the present national administration and its management of public affairs. I believe the people have already decided and all that may be said in this campaign will not change this decision."

"We have had eight years of Democratic control and by a tremendous vote on November 2nd, the people will turn out of office the present group of proven incompetents who have disregarded the public's needs and who

## JOHNSON ROUNDLY PRAISED BY COX

(By Associated Press)

Sacramento, Cal., September 17.—In an address here today opening his California campaign, Governor Cox, democratic presidential candidate, praised Senator Hiram Johnson, republican, as an exponent of progressivism and again flayed "big business" and republican leaders supporting Senator Harding.

Although they differ fundamentally on the league of nations, Governor Cox said he admired Senator Johnson for frankness and lack of ambiguity or hypocrisy.

"I have looked with admiration on the fight which he has made through out the years against reaction. He fought it with Roosevelt and he continued consistently the contest which began in 1912 through the primaries and the convention of 1920 just as Roosevelt would have done."

"If the reactionary senatorial oligarchy gains control of the government it will so manipulate power or patronage that progressive republicans will either be compelled to join another party or form one of their own."

## GETS WARNING

(By Associated Press)

Nutley, N. J., September 17.—Warning to keep out of Wall Street "until after September 16th" was received here September 9th by Joseph T. O'Neill, 24 year old son of a bank note paper manufacturer, he declared here today.

## NEGRO KILLED AFTER MURDER OF TWO PERSONS

Runs Amuck in Saloon And Then Dashes Into Street Firing At Random

(By Associated Press)

Cumberland, Md., September 17.—Jackson James, colored, today shot and killed Martha Green, a colored woman with whom he was infatuated, and Eugene Mallory, also colored, in a negro saloon here today.

Dashing wildly through the streets he fired at random, wounding Raymond Ambruster, circulation manager of the Daily News, in the leg, and sent hundreds of persons scurrying to shelter.

James himself was shot and killed by a policeman as he emerged from the saloon which he had entered a second time.

## BODY SLASHED

(By Associated Press)

Youngstown, O., September 17.—Martin Minnicazzi, on whose life an attempt was made a year ago, was literally hacked to pieces within sight of his home here last night. Police suspect a black hand plot. The man's body was slashed almost into ribbons.

## REDS WANTED FLAG LOWERED

(By Associated Press)

Washington, September 17.—An attempted violation of the American consulate at Genoa, Italy, by workmen displaying red flags who sought to force the lowering of the American flag during a funeral of workmen, was reported today to the State Department.

LEAD OF THOMPSON FALLS

Chicago, September 16.—Delayed returns from yesterday's primary in Illinois tonight continued to cut down the leads established in Chicago by Republican candidates backed by Mayor Thompson of Chicago.

With less than a thousand of 5,737 precincts unreported, returns gave for Governor, John G. Oglesby, 293,042, and Len Small, 311,825.

## HARDING AGAIN ATTACKS LEAGUE

(By Associated Press)

Marion, O., September 17.—Pronouncing the league of nations irreconcilable with the American constitution, Senator Harding declared in a constitution day address here the time had come for the United States to decide whether it would preserve or abandon the charter under which it achieved national-ity.

"The constitution or the covenant, that is the paramount issue," he said. "The two are irreconcilable. We cannot be governed from both Geneva and Washington. We cannot follow our present chief magistrate without forsaking the father of our country."

The Republican nominee also assailed the administration's policy toward the smaller nations of the western hemisphere asserting that the executive had usurped congressional power to carry on a constitutional war with Haiti and San Domingo.

He declared the recent utterances of Franklin D. Roosevelt the Democratic nominee for vice president and revealed officially for the first time "the American government's rape of the two little republics."

The speech delivered to delegations from several Ohio counties reviewed the circumstances surrounding the making of the constitution.

Only by preserving that balance, he said, could the United States "fulfill its greatest destiny."

## BIG FIVE PACKER PLAN IS FAILURE

Government Will Not Permit Prince & Co. To Take Over Stock Yard Interests Of Packers

Federal Trade Commission Holds Such Combination Would Be Worse Than Present

(By Associated Press)

Washington, September 17.—The plan proposed by the "Big Five" packers to dispose of their stockyard interests to F. H. Prince & Company, of Boston, will not result in the separation of the stockyards from packer interests, the Federal Trade Commission declared today in a report to Attorney General Palmer.

The commission reported: "the long time stockyard relations of F. H. Prince with the packers have been such the plan will not result, in the opinion of the commission, in a divorcement of the stockyards from packer interests but will, as outlined, result in an infraction of the monopoly law of the land greater and more serious than the existing infraction."

## LETTER WARNING OF PLOT SENT

(By Associated Press)

New York, September 17.—A letter giving warning of today's explosion was dropped Wednesday morning through the mail slot of a door in one of the offices of the French High Commission at 65 Broadway. It became known tonight.

This letter, apparently written by a man formerly in the employ of the commission, was torn into small pieces soon after it was read and dropped into a wastebasket.

The letter was addressed to Lieut. Arnaud, who is attached to the commission. The writer said he thought he was rendering a service to the French commission by advising Maurice Casenave, minister plenipotentiary, and his assistants of the fact that a catastrophe would occur in Wall Street about 2:30 o'clock. No date was mentioned.

The writer suggested at that Lieutenant Arnaud advise Minister Casenave to have the office of the commission closed and unoccupied at 2 o'clock, so that the lives of the office staff might be spared.

The letter also mentioned "between 2 and 4 o'clock daylight time" as the probable hour for the catastrophe. It was intimated in the letter that "some people had grievances and wanted to take revenge."

Death Toll In Thursday's Bomb Explosion In New York City Has Reached 35 With Over 200 Injured.

ARMY OF SLEUTHS FOLLOW MANY LEADS

Watch Established in Financial Districts Of All Leading Cities in America

Clock-Works Used To Detonate Bomb in New York Found

(By Associated Press)

New York, September 17.—The financial centers of America's big cities from coast to coast are armed camps today, with police and private sentries posted to guard against repetition of the mysterious explosion that rocked Wall Street yesterday.

From Washington, Chicago, Philadelphia, Boston, Detroit, Baltimore, and as far south as the Gulf of Mexico and west to the Golden Gate, authorities announced heavy patrols of plain clothes men and police reserves in their big business districts, and federal agents worked with state and city officials to run down reports of widespread extremist plots.

Thirty-six persons are dead and more than 200 injured from the explosion yesterday, declared by police as probably caused by an infernal machine.

Discovery of parts of clockwork in the wreckage and announcement by experts that T N T or picric acid was used in the bomb, if there was one, has set detectives and Department of Justice men on "thirty leads" pointing to bomb plots and radical activities. Meanwhile, the scene of yesterday's blast is roped off, but the stock exchange and allied organizations resumed business at the usual hour this morning.

Several New York detectives and secret service men left the city before dawn today for unannounced destinations on out-of-town ends of the investigation of the explosion.

Troops were held in readiness on Governor's Island today, and detachments of the Twenty-Second infantry were in barracks subject to instant call.

All public buildings and the homes of wealthy and prominent men here are under special watch.

Between eight and nine o'clock this morning, police lines in the financial district were relaxed for admission of the thousands of office workers.

During the day, emergency patrols were doubled and every doorway and alley was under close inspection.

Downtown subway stations were kept cleared by a large force of police.

More than 150 pounds of broken sash weights and other metal fragments have been collected by the fire department at the scene of the disaster and turned over to the police.

have been squandering millions of the public's money.

"If there had been any chance of Cox's election following his nomination, and I do not believe there was, that chance was lost when he went to Washington for his instructions on how to conduct himself in this campaign. The American public want men in public office who are able to stand on their own feet and who do not take orders. Governor Cox's visit to Washington convinces all who may have had any doubt of it before that he intends, if by any chance he be elected, to conduct national affairs as they have been conducted the last eight years and that the same officials be retained in public office.

"We are now struggling to get on our feet again and to recover from the effects of the recent war and all realize the necessity of electing a president who will work with us to that end, one who will insist upon the strictest economy in public affairs; one who will eliminate all waste and extravagance and one who will insist upon the country's business being performed in a thoroughly businesslike manner.

"We want a big, broad minded, fair dealing, able statesman who will consider the needs of all the people—one who holds no race prejudice—no religious prejudice and no class prejudice; one who will deal with foreign nations with firmness and in a manner not to involve us in any unnecessary foreign entanglements; one who will be for America for Americans, not for just a few Americans, but for all Americans, rich and poor alike.

Willis For Senate.

"The Republican party offers to the voters of Ohio a candidate not only known in this State, but he is already a national figure, whose experience and ability will make him a leading figure in the next Senate of the United States and the State of Ohio will take a great step forward when it elects Honorable Frank B. Willis, Senator of Ohio.

Runs on Record.

"I decided to become a candidate for Governor shortly after my third election to the office of Mayor of Cleveland, because I felt that my experience as the chief executive of the busiest business in Ohio might be of value to the public of this State. It is very easy for candidates for public office to promise future performance, but it is another thing for some of them to fulfill their promise, and so in this campaign I must offer my record of the past as my promise of the future.

"In my first campaign I promised to give the people of Cleveland a dollar's worth of service for every dollar spent and was elected by about 2,000 votes over my nearest opponent. In my next campaign I asked for re-election upon my record in office and was elected by 15,000 over my nearest opponent; and in my third campaign I was a candidate because the people wanted me to be and was elected by 31,000 plurality.

Home Rule in Taxation.

"Every city of Ohio is having the same difficulty we have in taxation and there is but one solution, not by increasing the limit of the Smith one percent act, but by adopting a law that will provide for home rule in taxation, and by this I mean, give to the people of each municipality the right by popular vote to decide for themselves how much they wish to pay in increased taxation for the conduct of their city business. In this way, only those living in the municipality will be affected and the rural community will not have to pay any part of the increasing demands of the cities.

"Strict economy must be practiced by all public officials.

Efficiency in State Government.

"I shall make it my business to abolish all unnecessary jobs and employ only those who are fitted by experience and training for the work they are engaged in.

Law Enforcement.

"There are those who are concerned about the enforcement of the so-called dry laws, and all I have to say is that as Governor of Ohio I will enforce all Ohio laws and co-operate with the Federal authorities in the enforcement of all Federal laws.

"This state should set an example for all states to follow—it must be a state of law and order and all laws must be strictly enforced and this I promise you to do without fear or favor.

The Women in Ohio Affairs.

"In the next election the women are to be given an opportunity to take part in the selection of those to be engaged in the managing of the affairs of the county state and nation.

None welcome them more than the Republican party.

"Some there are among the men who would take credit for making this possible, but ladies, the entire credit belongs to you. It is true it required the votes of men to secure the adoption of the constitutional amendment, but you are the ones who created the sentiment that forced your recognition. I believe the war had much to do with your success.

"All women should take advantage of their right of suffrage.

Abuses of Present State Administration

"My opponent is quoted as saying at the State Fair, in talking to a meeting of the Grangers that he could not promise to reduce State expenditures. 'It can't be done,' he says, 'the only thing I or any one else can do is to keep expenses as nearly as possible to where they are now.'

"Now my friends, this is the real issue in the State campaign. The Democratic candidate for Governor admits he can do nothing to reduce expenses and tells you before the election that he will make no effort to reduce expenses, and I say to you that my experience following a Democratic city administration and my knowledge of some things that are now being done by the Democratic State administration, makes me certain that I can reduce expenses not in the thousands, but in hundreds of thousands, and promise you that I will not seek re-election unless this is accomplished by my administration."

ing his life.

After doing the elephant act with his co-worker, Harry Dunn, Mills started his run out on the wire from the Dale building and was about fifteen feet out when one of the sand bags used in steadying the steel cable dropped from its place. Freed of the extra weight the cable sprung up, throwing Mills into the air. Only by his long practice at the art of wire walking was Mills able to strike the wire and retain his position.

People on the street below did not know that they had almost witnessed a tragedy but believed that it was all in the performance.

## CINCINNATI WOMAN GIVES OUT FACTS

Restored By Tanlac A Year Ago Mrs. Chas. Wyder is Still Enjoying the Finest Health.

"I can recommend Tanlac with all my heart and am glad to do so, for it restored my health and built me up wonderfully nearly a year ago and I have no return of my old troubles to this day," said Mrs. Charles Wyder, 362 Oregon street, Cincinnati, Ohio.

"I had been in a badly run-down condition and suffering with pains all over my body for four years. Gas would form on my stomach and I could not eat anything scarcely without becoming almost deathly sick from it. There was such a pressure of gas through my chest that I felt like I was choking. Especially at night I felt like I was smothering to death and often had to get out of the bed and just fight for breath. My nerves were so shattered that I would tremble all over from head to foot, and many a night I couldn't sleep at all, and always felt as bad if not worse in the mornings as on retiring at night. I was tired and weak all the time, had no energy, and never felt like doing a thing.

"I had no desire to eat and my food seemed to do me more harm than good, so I lost weight and kept getting weaker until I began taking Tanlac. It wasn't long after I began taking this medicine before I had a good appetite and I commenced to regain my lost weight and strength right along. After my troubles disappeared I found I had actually gained fifteen pounds and was heavier than I had ever been before. My appetite is so keen that I can hardly get enough to eat and I sleep every night like a child. As I said, it has been almost a year ago since I took Tanlac, but I am still feeling fine, and am glad to make a statement that may cause others to try this grand medicine."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Milledgeville, E. L. Ford Sons, Lee Ortmann, Selden. — Advt.

## ATHLETICS TO PLAY CLINTONS SUNDAY

Assurance comes from the Washington Athletic baseball club headquarters that there will be at least one game with the Wilmington Clintons here this week and that it has been made possible by arranging the date for Saturday afternoon. Hi Grand will have charge of the Clinton team, it is understood, and will bring a strong line up to face the locals.

Two game arranged earlier in the week for Wednesday and Friday afternoons were called off and the Saturday game has been the compromise.

It is stated that either Sammy Marks or Nip Jones will pitch for the Athletics with a probability that Earl Gaines, youngster who held the Athletics to three bingles las Sunday will be in the box for the visitors.

## ALL NEARBY TOWNS IN FESTIVAL CROWD

Persons who have watched the crowds attending the Fall Festival here this week state it may be safely estimated that one half of the people on the streets each evening are from surrounding cities and towns.

Greenfield, Chillicothe, Lancaster, Wilmington, Xenia and others are sending many, while municipalities, such as Jeffersonville, Bloomingsburg, Milledgeville, New Holland and Good Hope are represented almost as fully as Washington itself.

An even heavier attendance of outsiders is expected on Saturday, the last day of the Festival.

## RED CROSS NURSE TO INSTRUCT LOCAL WOMEN AND GIRLS

## WIFE WAS GROWING WORSE DAY BY DAY

Claimed she had a very bad stomach and liver trouble. Continued weak, nervous and pale. The great herb remedy Drecto, brought her out quickly and now she is well and strong again.

"For six weeks my wife laid in bed from Flu and after getting up could not regain her strength, though she had taken much medicine" said Mr. A. L. Huber the popular Big 4 engineer residing at 1013 North Main street, Bellefontaine, Ohio.

"They told her she had a bad stomach trouble and sluggish liver, yet none of the medicine she took did any good. She kept going down all the time. All the color was gone from her cheeks, she was weak and nervous with no appetite. Her kidneys were also deranged and frequently had terrible backaches.

"All of us are delighted with her great improvement since she has been taking Drecto, really she is like herself again—full of life and happy. Her appetite is fine, stomach no longer bothers but digests everything without forming gas, her liver seems perfectly normal again and she sleeps like a baby. There's nothing too good for me to say about Drecto."

Drecto has won wide reputation for rebuilding run-down weakened system for women and children. It is pleasant to take and good results are quickly seen.

All druggists now sell Drecto and it is being especially introduced in Washington C. H., by Frank Christopher. —Advt.

**The Illinois Voting**  
 Later reports on the result of the voting in the Illinois primary Wednesday are more encouraging.  
 First reports indicated that Mayor Thompson and his Chicago political machine had scored a victory in the balloting over the forces piloted by Governor Lowden and numbering in their ranks the better element among the voters in the second largest city in the nation as well as an overwhelming majority of the voters in the state outside of Cook county.  
 In view of Mayor Thompson's record of obstruction during war time, his open affront to General Joffre on the occasion of his visit to Chicago, it would have been little short of a disgrace to the great state of Illinois, a blot upon our election system and a calamity to the party in the November election if Thompson and his machine methods had triumphed.  
 As it is the result is too close to be entirely satisfactory to the better element of voters. The Thompson forces should have been overwhelmingly defeated.

**Is a "Change" Coming**  
 We can't tell, any of us, what the future has in store for us—what changes the on-coming days, weeks, months and years will usher in. We, of the present generation, have lived through a time of wonderful changes. During the last half dozen years this old world of ours, so far as the routine of human life is concerned, has been literally torn up by the roots, turned over, turned around and transplanted. Whether the old form of living will, soon or eventually, be resumed, in whole or in part, is concerning most of us.

In some respects most of us long for a return to the "good old times." We long for the peace and quiet of those days that are behind us. We remember more clearly the pleasures of those other days than we do the annoyances and the troubles they brought to us—that's the happy part of human life with normal people. The great majority of people retain in their memories a clear picture of the happiness of yesteryears while the griefs fade away.

No wonder then, in the turmoil of the present wonderfully active and yet disturbing time, we long, at first thought, for the return of the times of the past as we remember that past.

Few of us, though, after all, when we stop to consider the matter carefully, are willing to relinquish the plenty of the present, to exchange the extravagance of the present day for the meager rewards and the happy and wholesome economies of that other day we remember so clearly. Yes, even the thrill of the excitement of the present time, the uncertainty of the future has its charm and we are, human like, unwilling to give up the present as it is and go back to the old times. We all like the game—it's life.

Notwithstanding the urge for more economy, more work and more production, notwithstanding the predictions of many thoughtful men that a change must, and soon will, occur, that the wave of unprecedented prosperity is receding, that we are all "riding to a fall," there is no marked change in the psychology of the people. They are as optimistic and as heedless of the future as ever they were. The thought of the coming days holds no terrors for them and there will be no change in the existing order of living until the collective trend of thought undergoes a change.

Political leaders may promise and pledge, legislators may even enact laws, but the collective will of the people—the controlling power of the present and the guide for the future—only can bring a change.

Rash indeed is the prophet who undertakes to predict when a change will occur, what that change will be or what will bring it about and those who think that legislation will solve the problem, if problem it is, after all, do not understand human nature.

We may, for aught we know, continue in the future as we have in the past six years. We may about face and turn back into the paths of the past—we may do that voluntarily or we may be compelled, by the shock of collision with a storm now gathering way off yonder behind the curtain which hides the future, to change our whole manner of living.

About all we can do is to live the best way we know and be content to let the future take care of itself, stop borrowing trouble and making predictions about matters entirely beyond our control and, largely, beyond our understanding.

**POETRY FOR TODAY**

**FROM THE MOUNTAIN TOP**  
 At night, o'erspread by the rich purple robe,  
 The deep, imperial, Tyrian hue that folds  
 The invisible form of the eternal God  
 You see the sentry stars come marching forth  
 And take their posts upon the fields above,  
 Around, above the tent where sleeps the chief;  
 You'll hear the kakea singing in a dream  
 The wildest, sweetest song a soul can drink;  
 And when the tent is folded up, and all  
 The gold-fringed sentries face about  
 To let the pompous day-king pass along,  
 We two will stand upon a sloping hill  
 Where white-lipped springs come leaping up,  
 With water spouting forth a merry song.  
 Like merry mirth from out a school-girl's throat,  
 And look fast down the bending Williamette,  
 And in his many graceful curves and strokes,  
 And strange meandering men misunderstand,  
 Read the utterable men misunderstand,  
 Reading the unutterable name of God.

**No Change in Ford Cars**

Recently stories have been circulated that the Ford Motor Company intended changing the present models of Ford cars. The following official announcement was received from the Ford Motor Company today.

Although it has been rumored throughout the country that Henry Ford is about to launch a new model, Ford officials say there is no new model under consideration at present. While minor changes may be made from time to time, 1920-21 production figures are based on the present car.

The factory is not able to make enough cars to meet the constantly increasing demand. With the approach of winter especially is this true of the enclosed cars.

Orders should be placed well ahead in order to insure delivery at the time you will need your car.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Problems confronting the social and industrial world today are greater, more vital and far-reaching than any other, according to Mrs. W. E. Schutt, Cleveland, new chairman of the social and industrial committee of the Ohio Federation of Women's Clubs. Upon the proper solution of these problems she believes largely depends the progress and welfare of the nation and the happiness and prosperity of humanity. She does not believe that the members of the Ohio Federation can solve them, but she thinks that they may be a mighty force in helping others to do so.

"Probably the most significant need in connection with the industrial and social situation is for sane and open-minded examinations of actual conditions and the most widely accepted proposals for meeting the problems growing out of these conditions," Mrs. Schutt observes. "Since the coming months will doubtless see many discussions of these problems, I believe that our department can render good service if we contribute toward preparing the women for intelligent participation in them. We must educate ourselves concerning protective legislation for women in the unskilled and semi-skilled occupations, in minimum wage commissions, shorter working days, abolition of night work, etc. We must support legislation for these measures. The war is over, but child labor is not over, now that the women of the country have the franchise our duties have increased and we must help to have this terrible evil abolished so that when the next census is taken the enumerators will not have to list one in six of all the boys and girls in the United States as wage-earners."

"My plea to the club women of Ohio is to work unceasingly for these things we believe to be right and the things we believe to be needed and to this end the industrial and social department pledges its fullest support."

After thus voicing her earnest desire to make her department one of tremendous influence for the good of all, Mrs. Schutt announces the members of her committee for 1920-1921, as follows: Mrs. Robert D. Fisher, No. 223 Chestnut street, Hamilton; Mrs. T.

A. Odenville, Fostoria; Mrs. Hannah Prouse, Cambridge; Mrs. Elizabeth Clark, Steubenville; Mrs. C. W. Dickens, Bellaire; Mrs. H. M. Kelley No. 272 Crandall Ave., Mansfield; Mrs. C. E. Barker, No. 63 Clark Place Columbus; Mrs. E. H. Allen, Piqua and Mrs. Harold T. Clapp, Cleveland.

#### Reservations for State Meet.

Club women should not forget about reserving rooms for the annual state club convention in Columbus, October 18 to 22. Mrs. William H. Sharp, Columbus, President of the Ohio Federation, and Mrs. John A. Reibel, president of the Columbus federation, urge every club woman to make her reservation at once. A convention of this kind has meant several months of hard work on the part of Columbus club women and they have done and are still doing all in their power to make it both pleasurable and profitable to all, so let us take just the few minutes that it is necessary for us and write for our reservations now and not work a hardship on our hostesses by asking them to secure places for us at the eleventh hour. Rooms can be secured at the Dresher, Chittenden, Virginia, Hartman and Neil. If you prefer a room in a private home write to Mrs. Anton Becker, No. 340 Parkview avenue, South Bexley, Columbus. —Mrs. George Elliott McCormick.

On the very day that his relatives were coming to dinner for the first time the Little Bride's domestic jewel proved paste and melted away. After telephoning to several agencies with utterly discouraging results, the Little Bride appealed to the Salvation Army, and sure enough, within an hour an elderly "filler-in" appeared. "Seen better days" was writ large all over her, but she fell to with a will, cooking and serving the festive meal. Her only slip was in putting the vegetable dishes on the dinner table, and the Little Bride in an undertone asked her to remove them to the buffet.

"Everything went smoothly and I am very grateful to you," said the Little Bride as she paid her willing worker that night.

"Tanks, ma'am," replied the shabby, genteel one, putting the money in a tarnished mesh bag, "and I'm sorry I made the faux pas with the vegetables." —New York Sun.

Mr. and Mrs. James W. Cockerill and daughter Mrs. Nina Porter, entertained Thursday at a delightful dinner at their country home South of town. Pink and white roses and greenery formed an extremely pretty centerpiece.

## MRS. R. G. JEFFERSON IS LAID TO REST

Simple and beautiful were the funeral services of Mrs. Robert G. Jefferson, conducted at the home in Bloomingburg Thursday afternoon by Rev. J. L. McWilliams of Wilmington.

Mrs. Jefferson had been so much a part of her community, so dearly loved and revered, that friends filled the home to overflowing and the sorrow occasioned by her death expressed itself in tears and deeply saddened faces.

There was no music, but Miss Irene Tobin recited with tenderest feeling "Sometime" and a beautifully written memoir closed with Tennyson's poem "Crossing the Bar."

The minister's talk was one of heart felt appreciation of the splendid womanhood which had been so identified with the life and best interests of the community. He spoke of the beauty of the home life, of the close sympathy which existed between the mother, father and children and touched especially upon the last three years of her life, when in quiet self effacement she wrought a faithful, brave and true service for the welfare and comfort of the husband, whose present improvement is largely due to her unfailing care and devotion.

Rev. McWilliams also paid tribute to the neighborhood life on the farm, before the removal to Bloomingburg four years ago, and the example it afforded to the younger generation in its unselfish interest in all around her, and of the important part Mrs. Jefferson played in church work, an active member of the Presbyterian Church, the Sabbath School Missionary Society and W. C. T. U. and often attending with Mr. Jefferson, the meetings of the Southern Ohio Presbytery.

The address closed with the comforting thought that this gathering was not to say goodbye, but merely an revoir until the short time of earthly separation is over.

The burial was made in the Bloomingburg cemetery, the pallbearers eight nephews, Clifford Larrimer, Frank Brock, Ernest Dickey, Albert Dickey, Ray Larrimer, Hugh, Robert and John Jefferson.

The flowers were very beautiful, including besides those from the family and close friends a large casket spray from the Fayette County Fair Board and special pieces from church organizations.

Relatives who came from a distance were Mr. and Mrs. Albert Larrimer, Indianapolis, Ind., Mr. and Mrs. Ben Larrimer, Marion, Ind., Mr. and Mrs. Frank Brock of Anderson, Ind., Mr. Frank Brock of Anderson, Ind., Mr. and Mrs. Ernest Dickey, of Dayton, Mr. Ray Larrimer, of Mt. Sterling, Mr. Hugh Jefferson, Athens, Mr. and Mrs. W. C. Bostwick, Mr. and Mrs. Newton Bostwick, of Mt. Sterling, Mr. and Mrs. Sam Paulin, of London, Mrs. Newton Fisher, of Toledo, Robert and John Jefferson, Albert Dickey from Ohio State University.

#### MEMOIR

Mary Charlotte Larrimer, daughter of John and Esther Larrimer was born near Bloomingburg, June 30, 1849. She was the eldest child in a family of eight children, five sons and three daughters. Her sister Anna having died at the age of 18 years, five brothers and one sister remain to mourn her loss. She was united with the Presbyterian church of Bloomingburg at the age of twelve years.

June 27, 1872, she was united in marriage with Robert G. Jefferson. Into this home three children came, a son and two daughters. Amy the elder daughter died at the age of twenty. The son Howard, and the other daughter Anna Creamer remain.

Of the 48 years of married life, 44 were spent on the farm, and 4 in Bloomingburg.

## REFUSE TO VOTE

(By Associated Press)

Dayton, Ohio — Picking 30 women at random, a recent newspaper poll here showed that only two of the women interviewed had definitely decided to vote this fall if given the opportunity. Ten asserted they "didn't care a rap about the ballot," five said they were too busy with household duties to think about voting and nine flatly said "No, I am not going to vote." The remaining four admitted they "haven't given the subject much thought."

# NO APPROVAL FOR CROSSINGS SAYS OFFICIAL

City Officials Say They Have Not Approved Work Which Was Promised by B. & O. Head.

Mayor Dahl States That Crossings Will Be In Shape Before Winter "If We Have To Do It Ourselves."

Although more than three weeks ago City Service Director Tracey was interviewed by a division head of the B. & O. railroad and received the assurance that the railroad crossings just then completed would be reconstructed and shaped according to specifications called for by the city, he had not been notified that they have been completed and observers declare that work on the job has ceased.

Some work was done on the Main street crossing and the force then moved away, it is said, while the Fayette crossing was left without being molested.

City Service Director Tracey was visited by the division head after the city had refused to accept the crossings and had declared they must be laid according to the specifications and agreement entered.

Director Tracey stated that he was informed at that time that a mistake had been made and that an untrained foreman had had the work in charge. The division head said according to Mr. Tracey that he was sincerely sorry such a thing had happened and that the mistake would be corrected.

Believing that the instructions would be carried out City Service Director Tracey and Mayor V. J. Dahl have waited for word that the crossings were complete in detail and have not understood the delay, they say.

Thursday the matter having been brought to the City officials attention, they stated that they had not been informed of any action in regard to the crossing and R. R. Kibler, B. & O. agent was also consulted.

Statements from these men sum up the situation as it has been left by the alleged failure of the railroad to carry out an agreement and also the uncertainty existing that the railroad company will come up to the standard required by the city officials.

"As far as I know City Service Director Tracey and City Engineer Jacobs have approved the railroad crossing work in this city," Baltimore and Ohio Agent Kibler.

"I was told by the Division Engineer of the Baltimore and Ohio R. R. that the crossings would be replaced according to specifications and since then I have heard nothing and have not been notified that they have been completed," City Service Director Tracey.

"We are going to have crossings of suitable construction before winter if we have to do it ourselves," Mayor V. J. Dahl.

In the Mayor's words there is a double assurance to anxious citizens that the work will be done before cold weather sets in and that the city will have no reason to be ashamed of crossings which have been declared almost a public nuisance for years.

Whether the railroad company will make good the promises of the division head, remains to be seen with in the next few days, say city officials.

Much longer delay by the railroad will necessitate action by the city if the promise of Mayor Dahl to the public of better crossings before winter is to materialize in anything more substantial than talk.

## ASK AUTOS PARK CLOSE TOGETHER

Because of the limited parking space in the city during Fall Festival week it has been requested that motorists park their cars as close together as possible.

It is thought that this measure will afford more space and avoid congestion.

## INFANT IS BURIED

Rev. Laughlin, of the M. E. church of Bloomingburg, conducted a beautiful little service over all that was mortal of the infant son of Mr. and Mrs. Allen West at the home on the Columbus pike, Wednesday afternoon.

Mrs. Jessie Leavell Smith sang sweetly.

The burial was made in the Madison Mills cemetery, the pallbearers Miss Stella West, Mesdames Elton Marine, Ray Long and James McDaniels.

## TOO PROGRESSIVE FOR STAND-PATTERS SAYS GOV. BROUGH

(By Associated Press) Mansfield, O., September 16.—Because President Wilson "has been too progressive for a group known as the stand-paters senatorial oligarchy," he is "being assassinated by venom and hatred," Governor Charles H. Brough, of Arkansas, declared here tonight.

"Republican leaders feared that he would be the dominant factor in the league and his prestige as such would continue the Democratic party in power," Brough asserted.

## HOLD RECEPTION FOR SPEAKERS

Senator Frank C. Parrett Presides at Meeting and Flays Democrats.

Following luncheon at the Cherry Hotel, Friday noon, where a large number of local Republicans dined with the speakers here for the afternoon, an informal reception was held at the Cherry Hotel, after which the speakers were escorted to the stand by the Washington Band and large delegation of Republicans.

In addition to the gubernatorial nominee, Harry L. Davis, and Senator Arthur Capper of Kansas, the party included Attorney General John G. Price, Hon. John P. Maynard, clerk of the House, Henry S. Ballard, chairman of the speakers' bureau, and W. O. Pence, Congressman Pess was to appear later.

In introducing Mayor Davis, Senator Frank C. Parrett stated that the people had had too much "personal government in both state and nation" and "no further use for a governor who refused to either sign or veto 41 measures of importance to the people of Ohio." He introduced Mayor Davis as the next governor of Ohio and was roundly applauded.

## K. OF P'S LOWER THE AGE LIMIT

The Knights of Pythias at the recent convention of its supreme lodge at Minneapolis adopted an amendment to its organic law, reducing the minimum age limit of membership in the order from 21 to 18 years. This change is in conformity with its general program and policy of expansion by which it is proposed to carry the principals of the order into new fields of Pythian endeavor. The change is largely due to the lessons of the world war, in which youth between the ages of 19 and 21 showed that they were men. Since the order was founded, membership has been restricted to white male persons not less than 21 years of age and under 50, except that persons over 50 might be accepted as members by dispensations.

In voting to lower the age limit, 35 of the Grand Domains were favorable and 19 unfavorable. Ohio favored the change.

## REMAINS ARE TAKEN TO BROTHER'S HOME

The body of Charles Combs, former local man who died at his home in Lancaster Thursday morning, arrived in this city over the Pennsylvania Friday afternoon and was taken to the home of a brother, Mr. John Combs, 730 East Market street.

Funeral services will be held at the Combs home Saturday afternoon at one o'clock. Rev. K. B. Alexander will officiate. Interment will follow in Washington Cemetery.

## SENATOR MAKES FORCEFUL PLEA TO THE FARMER

United States Senator Cap-  
per of Kansas Delivers  
Speech To Large Audi-  
ence.

Says Harding Is Friend Of  
Farmer and That His Past  
Record Proves It.

Speaking to a large audience on  
the court house lawn Friday after-  
noon during Republican Day at the  
Fall Festival, United States Senator  
Arthur Capper, of Kansas, made a  
plea directed almost wholly to the  
farmer. In part he said:

"I am glad to tell you that the farm-  
ers of Kansas, almost to a man, are  
supporting Senator Harding for Presi-  
dent. They believe he has a better  
understanding of the needs of agricul-  
ture than any candidate for the presi-  
dency in the last twenty-five years.  
My association with Senator Harding  
in the United States Senate the last  
two years confirms that opinion."

"Senator Harding's public utterances  
since he became the candidate of the  
Republican party for President are  
in line with his whole record at Wash-  
ington. It has been my observation  
that his votes and his speeches in the  
Senate have always shown a sympath-  
etic interest in agriculture."

"Out in my state the farmers feel  
deeply aggrieved at the unsympath-  
etic attitude of the Wilson adminis-  
tration. It is notorious that the farmer  
has been the worst of it. Through-  
out the war and up to this very hour  
the policy of the Wilson adminis-  
tration seems to have been one of pand-  
ering to the great industrial centers.  
They have forgotten that agriculture  
is the basic industry and that unless  
the farmer prospers there can be no  
prosperity in the Nation."

"A further extension in co-operation  
is essential if we are to build up  
agriculture. There should be prompt  
action on the legislation which the  
Republicans have put through the lower  
house of congress, known as Cap-  
per-Hersman bill, and which has the  
approval of every farm organization  
in the country. It removes all artifi-  
cial restrictions on the sale of farm pro-  
ducts and clearly establishes the right  
of farm organization to market their  
products co-operatively with out legal  
or other interference. Senator Harding  
is for this measure and the Republi-

can national platform endorses it.  
It is along this road that big progress  
can be made in working out a better  
system of distribution and marketing.  
The marketing system of this country  
as applied to agricultural products is  
decidedly unsatisfactory. It must be  
made more efficient and less expen-  
sive. Co-operation will do more than  
any other remedy yet suggested to re-

move the wide spread between produc-  
er and consumer.

"If the long list of profit-takers be-  
tween the producer and consumer is  
permitted to take extortionate profits  
at the cost of both the producer and  
consumer, we shall continue to have  
not only wickedly high food prices,  
but we may have famine prices due to  
under production in this great and  
fertile land of ours. The first thing is  
to curb the profiteers and supply agri-  
cultural essentials at honest prices."

"It is encouraging to know that Sen-  
ator Harding believes that farmers  
must have a chance at the better  
things of life. The two great assets  
of a nation are its homes and its agri-  
culture. Both are essential to the  
national well-being. Better schools, mod-  
ern homes, social advantages and a  
greater opportunity to get the brighter  
things of life are necessary. Senator  
Harding has a big vision of what this  
great nation can be, with its industrial  
and business life working in harmony  
and perfect co-operation with the agri-  
cultural interests of the country. I  
have faith, too, that as president he  
will put through the biggest agricul-  
tural program ever given the country.  
I hope the farmers of Ohio will stand  
by him."

## Gets Pleasant Surprise

"About 6 months ago my father was  
very sick with his stomach, which had  
been troubling him for several years.  
Three doctors said he had cancer and  
one said it was gall stones—all agreed  
an operation necessary, but on ac-  
count of his age I was afraid to risk it.  
I told a friend about it who said his  
wife had been through the same trou-  
ble and had been cured by taking  
Mayr's Wonderful Remedy. I at once  
bought a bottle for father and he is  
now as strong as a bear and can eat  
more ham and cabbage than any 3  
men." It removes the catarrhal mu-  
cous from the intestinal tract and al-  
lays the inflammation which causes  
practically all stomach, liver and in-  
testinal ailments, including appendi-  
citis. One dose will convince or  
money refunded at Blackmer & Tan-  
quary and Frank Christophers.—Adv.

## PLAYS GRIM JOKE ON LOCAL GROCER

While Ed Fite local grocer was ab-  
sent from his fall festival booth a  
few minutes Thursday evening, Capt.  
Chas. Allen stepped into booth where  
a certain brand of coffee was being  
featured and when Mr. Fite returned  
he beheld a glass jar containing a  
big green snake sitting by the coffee  
urn, and a placard reading:  
"Drink three cups of Fite's Pen-  
berry coffee and see this!"

Mr. Fite was equal to the occasion,  
and left the unusual announcement  
and snake in a prominent place in  
his booth during the remainder of  
the evening.

## CROWDS GROWING WITH PROGRESS OF BIG FESTIVAL

Bill Club Parade and Fraternal Parade Feature Third Day of Fall Festival.

Perfect Weather and Promise of Fair For Two Remaining Days Assist in Success.

With the streets thronged from early morning until late at night Thursday was easily the "biggest" day, thus far, of Fall Festival week and was known as Fraternal and "Bill" Club Day.

Features of Thursday's program were the Bill Club parade in the afternoon in which almost sixty Bills were in line and the Fraternal Parade in the evening at seventy-thirty in which the organizations made a most effective showing led by Whelpley's band.

There was easily the largest crowd of visitors in the city Thursday night and reports from every municipality in the county stated that many had attended.

### Bill Club Parade

Led by the Kiltie Band fifty-eight Bills fell into line for the Bill Club parade Thursday afternoon and Bills of every descriptions size and age were represented.

Registration of all available Bills had gone on all day and every Bill that passed the Information Booth was decorated with a pennant on which read "My Name is Bill."

After passing the viewing stand while the judges took note of the different Bills final award of prizes was made and the winners were presented to the crowd by Attorney E. L. Bush. "Bill" M. Eyre, 84, was the oldest Bill in the crowd. "Bill" Icenhour was the tallest Bill by the smallest fraction of an inch. "Bill" Hettseheimer, at 228 pounds, was the heaviest Bill in line and Hetty scored added triumph by appearing in the costume of twenty years ago and riding a bicycle. At the same time the shortest and the youngest "Bill" Emerson Bowers, four weeks old infant, son of Mr. and Mrs. J. P. Bowers was easily winner. "Bill" was carried in the arms of his grandfather, "Bill" Patton.

### Fraternal Parade

Almost every order and lodge was represented in the Fraternal Parade Thursday evening. The order of parade the the Whelpley Band, the city Fire Department, the Uniform Rank of the Knights of Pythias, the Pythian Sisters, Knights of Pythias, the Elmwood Ladies Aid Society, J. O. A. M., Red Men, Odd Fellows, Kiltie Band and Eagles.

First prize for the best showing was awarded to the Elmwood Ladies Aid Society and second place was given the J. O. U. A. M., honorary third place was given to the Eagles.

The The Knights of Pythias and auxiliaries did not compete for the honors but acted as escort.

Judges were J. L. Cadwallader, Ray D. Post and Burnett Hyer.

### Weather Assisting

One of the greatest factors in the success of the festival during the three days that it has been under way is the perfect weather. Only once has it rained and then only for a few minutes.

Friday's report declared for fair weather with indications that Saturday, the last day of the festival, would be of the same kind.

### Closing Days

Expectations of the committee were that Friday and Saturday would be the biggest days of the week. The two attractions Friday were the Republi-

## What About Your Tire Needs For the Bad Winter Weather

Just around the corner is the bad weather of winter. Then you will want everything in tip-top shape for all-weather going. Don't you think it wise to shape things up now?

If you have some old tires that are too good to discard, perhaps a retread would put them in shape; a slight repair or a section vulcanized in one might give many hundreds more miles. Let us have a look at your questionable casings and help you decide what's needed.

Above all else, if you are going to be in the market for some new casings, and that is almost necessary for winter driving, let us show you what we have to offer in dependable goods with our service thrown in.

Highest quality casings and tubes are here, together with the accessories that go to make motoring more pleasurable.

### Should Use Care

It is very important after a tire has been changed that the rim shall be properly replaced. In this connection, it is not good practice to tighten each lug fully before going to the next. The proper way is to tighten one lug a little, then the one opposite a little and so on until they are all snugly in place. If each lug in turn is tightened all the way, the rim is likely to go on a little askew.

### Millers

are the recognized standard of tire value. We selected Millers a good bit like you would select them—the quality of the goods made a sale.
